M. J. Farris, of Boyle county, sold 6,000 pounds of his crop of tobacco last week, which made the good average of 15 cents. One basket, weighing 300 pounds, brought 33 cents per pound. Lincoln county again voted in favor of the cut-out of the 1911 crop of tobacco at a mass meeting held in the county court room Saturday afternoon. The meeting was well attended and explanation of the situation was explained by Ed Ode who came over from Lexington at the instance of Bradley Wilson, campaign manager of the Burley Tobacco Union, who was at Point Lick.

Clarence Tate, was chairman of the meeting, which adopted a resolution appointing Mr. Tate J. W. Williams and R. H. Brown delegates to the meeting at Lexington Monday when the question of ordering the cut-out of the crop was to come up for final consideration. The delegates were instructed to vote Lincoln as favoring the cut-out if it was shown that the sentiment in the burley district was strong enough to make a successful fight for the cut-out.

There will be a matinee recital at the Stanford Graded School Wednesday afternoon beginning at 2 o'clock. It is under the auspices of the department of elocution and instrumental music. Admission free. Everybody invited.

Attention Poultry Raisers

Sick Fowls Don't Pay, Droopy Hens Won't Lay.

WHY LOSE YOUR FOWLS? Why take chances against disease? A few drops of Bourbon Poultry Cure in the water keeps fowls strong, vigorous and thrifty, protects them against disease and puts them in prime condition for egg-laying. It is the only remedy that can be depended upon to cure Croup, Cholera and Gapes simply because it destroys the germs which cause these diseases. One 50 cent bottle makes 12 gallons of medicine. Every Poultry raiser should keep a bottle of this medicine on hand.

OUR BOOKLET ON "DISEASE OF FOWLS CAUSE, FORMS AND TREATMENT," IS FREE. ASK YOUR DRUGGIST FOR IT.

Please send me by express two quarts of Bourbon Poultry Cure. No one who is an up-to-date poultry raiser can afford to be without this valuable medicine. It does all you claim and more. I take pleasure in recommending it as the best poultry remedy I ever saw. It is working like magic in this county. My friend, who are using it say they never saw anything like it. People call me over the phone and say, "My sick, what must I do?" I tell them to use Bourbon Poultry Cure, and in a few days they call me and say their birds are sound and well. I have a great many B. P. Rock chickens and 125 of the finest M. B. turkeys in the State. I use this remedy and never have a sick fowl. It gives them strength and vitality and makes their plumage bright and glossy. See my exhibit at the next state fair.—Mrs. J. D. Cox, Lawrenceburg, Ky.

NOTE.—Mrs. Cox was awarded first prize to the best gobble at Kentucky State Fair and first prize for best hen at Blue Grass Poultry Show.

Every year I have been losing from 15 to 20 chickens from gapes, and I had about concluded not to try raising any more. I got a bottle of Bourbon Poultry Cure, and used it according to directions, only a little more freely, as mine was a case of years of infection. Now I have 200 chicks, all thrifty and growing nicely, and not a "gape" one among them, in spite of the fact that they have free access to a big wood yard, which is a breeding place for the pests.—Mrs. Jennie B. Stevens, Lynchburg, Va.

We have hundreds of testimonials like these, in our circulars and booklets. The remedy does the work of these prominent poultry raisers wouldn't say so. They wouldn't buy it and then lie about it if it failed. Try and see for yourself what it will do for your fowls.

In reversing the case of Chesapeake & Ohio Ry. v. M. D. Selmer, from Lawrence county, the Kentucky Court of Appeals says a conductor of a train has the right to refuse to allow a man who is plainly drunk, to ride on the train even in the drunken man has bought a ticket. In this case the man sued for damages and was given \$200. The Appellate Court says he was not entitled to ride and therefore should have no damages.
